

Graphic Style Guide

for the
New Mexico Department of Homeland Security
and Emergency Management

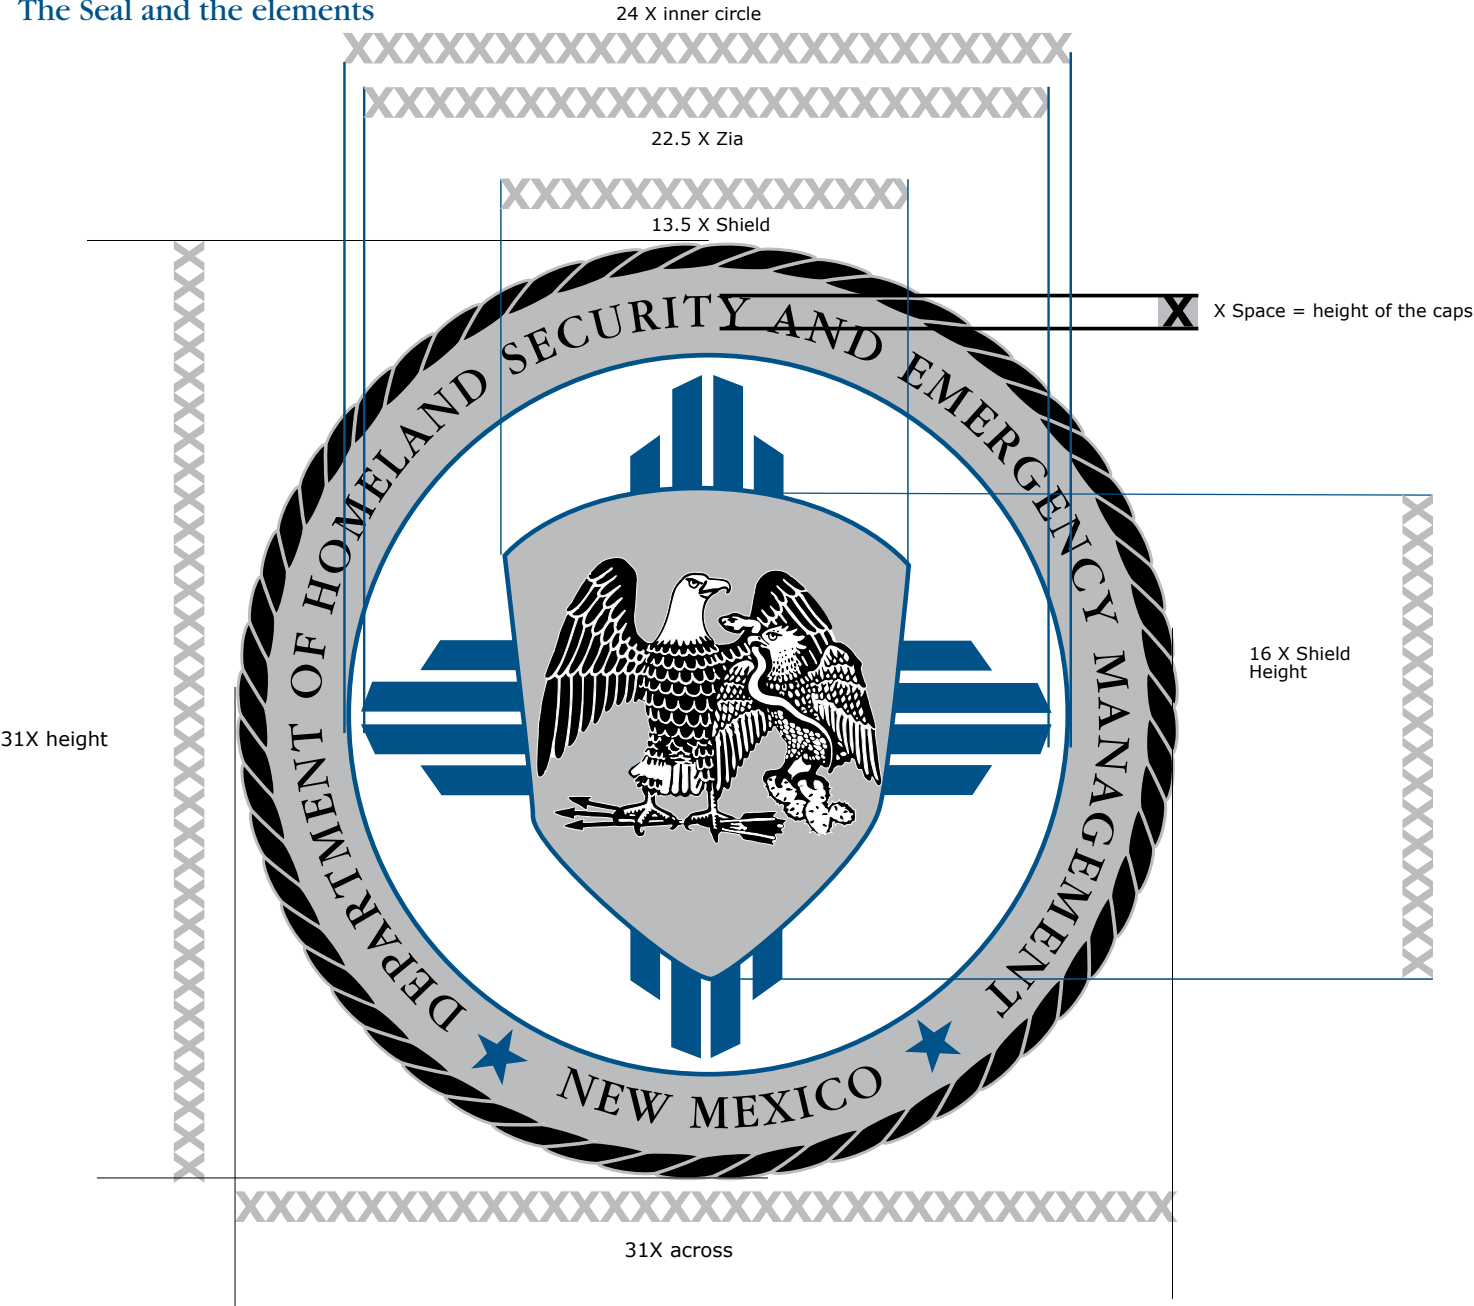

Seal

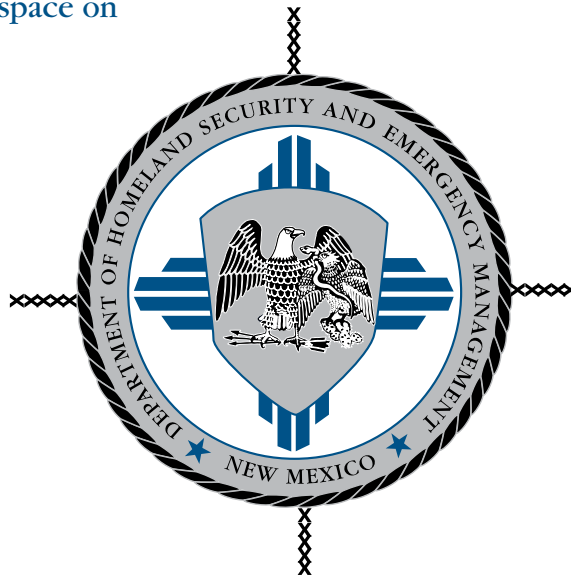

The Seal and the elements

Please DO NOT rebuild this seal, please contact the Department of Homeland Security and Emergency Management for a file.

When using the seal please allow 5X space on all sides between logo and any text.
(exception is an address)

The X ratio is proportionate to the size of the seal being used. The Seal will usually be sized at 1" minimum which will need 5/16" clearance on all sides.

Please keep the Seal PORTIONED and scale it PORTIONED when changing size. This can be done by holding down the shift key while re-sizing with the mouse. Do NOT make the Seal fit the space. *Do not use just part of the Seal

WELCOME

The New Mexico Department of Homeland Security and Emergency Management website is designed to be the central source for information on the state's homeland security and emergency management efforts and initiatives. This site will provide information about state and local government emergency management programs and efforts, access resources for learning about terrorism and emergency management, and about emergency preparedness efforts statewide and how citizens can get involved.
