

When using the logo please allow 2X space on all sides between logo and any text. (exception is an address)

The X ratio is proportionate to the size of the logo being used.

Please keep the logo PORTIONED and scale it PORTIONED when changing size. This can be done by holding down the shift key while re-sizing with the mouse. Do NOT make the logo fit the space. *Do not use just part of the logo. (*There are all allowance for this in certain instances see pg.7.)

Please do not use the logo on different background colors. Please refer to page 7 for logo use on different colored surface. Do not use the logo over patterned surfaces.

Please do not use the logo on top of an image and do not put an image into the logo.
